MAINTENANCE COURT ORDERS

Can the Minister for Justice state how many Maintenance Court Orders are in breach for non-payment, broken down by sex and length of time, whether the party in breach is in employment, unemployed or on Social Assistance, and in how many of these cases are the Courts intending to enforce the Order in accordance with Part V of the Magistrates' Court Act?

ANSWER

The Magistrates' Court currently has 90 Maintenance Orders on its records. The court is aware that 29 are currently in breach.

Of the 29 in breach that the court is aware of, the breach is due to non-payment by males. A breakdown of the length of breach in these 29 cases is attached (Table 1).

The Magistrates' Court does not hold information as to whether the party in breach of a Maintenance Order is in employment, unemployed or in receipt of Social Assistance.

Of the Maintenance Orders in breach, 8 are being considered for enforcement action by the court. The remainder are either subject to committal orders or enforcement has been stayed pending a change of circumstances by the parties involved.

ENVIRONMENTAL EU DIRECTIVES PENDING IMPLEMENTATION / COMPLIANCE

Is the Minister with responsibility for the Environment able to provide a list of Environmental EU Directives pending implementation and/or compliance in Gibraltar?

ANSWER

The Government is still in the process of assessing the state of play in relation to various environmental matters. I attach a schedule listing the EU environmental directives with which we are still not fully compliant.

Answer to Question No. W53 of 2012

Directive	Status of Implementation/Compliance
Directive 2008/50/EC on Ambient Air Quality and Cleaner Air for Europe (CAFE)	The Directive is being fully implemented locally, however, Gibraltar failed to meet the limit values for PM ₁₀ in 2010. Gibraltar is awaiting a Commission decision on the matter.
Directive 2011/37/EU on End of Life Vehicles	Direct has been transposed and implementation has begun although a competent authority has yet to be legally established.
Directive 2002/99/EC on Waste Electrical & Electronic Equipment (WEEE)	Legislation has been transposed and is being implemented in so far as targets have been set and WEEE is being collected. We are not fully compliant in relation to the requirements for a WEEE park and meeting the targets. Government is in the process of being briefed on the matter.
Directive 2006/7/EC on Bathing Water Quality	Legislation is being implemented locally, however, we failed to comply with beach water quality in relation to Western Beach during 2011.
Directive 98/15/EC on Urban Waste Water Treatment	The Directive has not been implemented locally as we do not yet have a Waste Water Treatment Plant. Government is looking into it.
Marine Strategy Directive 2008/56/EC	The Directive has been transposed and the Department of the Environment is actively working on implementation matters.
Habitats Directive 92/43/EEC	This has been implemented locally and there is an ongoing process of ensuring compliance via surveillance monitoring. The Government is working on establishing a marine surveillance programme.

Continued Answer to Question No. W53 of 2012

Directive 2009/147/EC on the Conservation of Wild Birds	The Directive has been transposed and is being implemented. We are non compliant in relation to a legal transposition technicality, this is being worked on by the EUID.
Directive 2002/49/EC on the Assessment and Management of Environmental Noise	The previous administration decided that this legislation was not applicable to Gibraltar. Government is re-assessing the situation.
Directive 2004/8/EC on the Promotion of Cogeneration	The Directive has been transposed but is not being implemented as no opportunities for co-generation exist locally.
Directive 2009/28/EC on the Promotion of Energy from Renewable Sources	The Directive has been transposed but not implemented locally. Government maintains the commitment to meet 15% target by 2020 and is actively investigating options.
Directive 2002/91/EC on the Energy Performance of Buildings	The Directive has been transposed and is being implemented locally, however, we are not fully compliant as public buildings are not displaying energy performance certificates and there is no system in place for the inspection of air conditioning systems. The Department of the Environment is working on these matters.
Directive 2006/32/EC on Energy End Use Efficiency and Energy Services	The Directive has been transposed and is in the process of being implemented. We are not fully compliant as we are late in submitting our second National Energy Efficiency Action Plan.
EC Regulation 842/2006 on Certain Fluorinated Greenhouse Gases	The legislation was transposed in September 2011 and the Department of the Environment is working on ensuring implementation.
Directive 2007/2/EC establishing an Infrastructure for Spatial Information in the EC (INSPIRE)	The Directive has been transposed into local legislation and a significant amount of work has already been carried out on the question of implementation and compliance. Gibraltar intends to be current with INSPIRE compliance by the end of 2012.
Directive 2009/29/EC amending Directive 2003/87/EC so as to improve and extend the greenhouse gas emission allowance trading scheme of the Community	The Directive has not yet been transposed but the Department of the Environment and the Environmental agency are already working on implementation.

DISABLED PERSONS – ADDITIONAL FUNDING - SPONSORED PATIENTS

Can the Government state under what Head of Expenditure and Sub-Head will the extra funding for families of disabled people, who have to accompany them to the UK as sponsored patients, come under, what the extra amount is likely to be, and as from when will this take place?

ANSWER

The existing head for sponsored patients is head 35 of Appendix G of the 2001/2012 approved estimates of revenue and expenditure which currently has a provision for £8,000,000.
