Social Worker 2	5
Social Worker 3 Away since December 2013	7
Social Worker 4 Commenced Work July 2013	7
Social Worker 5	7

CONT'D ANSWER TO W44 OF 2014

In addition to individual supervision sessions, there are also group supervision sessions.

Furthermore there is continuous informal supervision and peer supervision. This takes place almost on a daily basis; frequency depends on the experience of the social worker and the complexity of the caseloads.

Besides formal supervision individual social workers receive support in the form of informal supervision or debriefing they can receive on a daily basis as and when requested by the individual worker. The amount of formal supervision received will depend on the complexity of cases held and the experience of each individual worker.

ANSWER

The information requested is set out in the table attached.
