NO. W132 OF 2017

THE HON L F LLAMAS

Since December 2011, can the Government provide details of resources and additional monies allocated for the policing and deterrence of drug trafficking?

ANSWER

The RGP dedicates the following resources to dealing with drug trafficking:

Drug Squad

Comprises one sergeant and four constables. This unit's exclusive role is the proactive intelligence led investigation of drug trafficking offences. The unit has met and exceeded our targets year on year during the material time.

Money Laundering Investigation Unit

Comprises one sergeant and three constables. This department's primary role is the investigation of money laundering offences and financial investigations leading to the seizure of assets with a view to their subsequent confiscation by the courts. Whilst not all their investigations are linked to drug trafficking offences and the proceeds derived therefrom, it represents a proportion of their work.

Government expects the Commissioner of Police to prioritise the RGP's budget allocation to maximise the operational response to the priorities stipulated in the Annual Policing Plan in operation from time to time. The Annual Policing Plan has, throughout this time had drug trafficking as one of its priorities. Furthermore, the RGP has met its performance obligations within this Key Performance Indicator throughout the period in question.

Part of this RGP budget allocation is specifically dedicated to the Gibraltar Coordinating Centre for Criminal intelligence and Drugs (GCID), which plays a pivotal role in the fight against drug trafficking both locally and within Gibraltar's wider obligations to combat this illicit activity internationally. The relevant budget allocation for GCID during the material time is as follows:

Continued Answer to Question W158/2017

Financial Year (FY)	Approved Estimate
2011/12	£1.06M
2012/13	£1.14M
2013/14	£1.38M
2014/15	£1.56M
2015/16	£1.72M
2016/17	£1.70M

It is also pertinent note that quite apart from the recurrent expenditure in the fight against drug trafficking; HM Government of Gibraltar purchased two interceptor vessels in early 2012 at a cost of £502,000. The General RGP Budget allocation is also applied to the control of illicit drugs. That Budget has increased considerably since December 2011.

NO. W141 OF 2017

THE HON L F LLAMAS

Can the Government provide details of persons who have successfully obtained employment in the online gaming sector via the Future Job Strategy's mechanisms?

ANSWER

To date, employers in the gaming industry have shown very little interest in taking advantage of the support for training for employment, provided via the Future Job Strategy mechanisms. Some 5 persons are estimated to have been employed in the industry following training under a Business Partnership Agreement.

Can the Government explain what is happening to the refurbishment of Rosia Bay and its beach?

ANSWER

A development licence was entered into with Europa Point Marine Village Limited on the 9th September 2014. On 6th November 2013 Europa Point Marine Village Limited submitted an Outline Planning Application. Before approving such application DPC required the submission of an EIA.

The submission of an EIA has become very complex as many unforeseen issues have arisen. However it is understood from EPMVL that they are now ready to compile the EIA which should be submitted in the next 3 or 4 months.

Since December 2011, can the Government confirm what renewable energy projects have been pursued using EU funding in Gibraltar?

ANSWER

Since December 2011, the following renewable energy projects have been approved for EU co-financing:

1. **GSLA Solar Panels:** The project comprised the purchase and installation of photovoltaic panels and their subsidiary plant in order to provide the heating of the water for the two public swimming pools, including showers and the treatment of the air in both enclosed areas. The energy produced by this renewable energy scheme will substantially reduce existing running costs and more importantly the electricity consumption which is currently produced using fossil fuels. EU Funding helped with the purchase of Equipment, Materials, Installation and Labour.
2. **GSLA Solar Panels Phase II:** Installation of Photovoltaic solar panels and subsidiary plant/dehumidifier to heat the water in the swimming pool. GSLA use the heated pool for teaching, the elderly and disabled. This will also help the GSLA address the air treatment and quality issues within the establishment. The installation of the Photovoltaic panels will increase energy efficiency with the GSLA, substantially reduce existing running costs while reducing electricity and fuel consumption thus being more environmentally efficient. EU Funding helped with the purchase of Equipment, Materials, Installation and Labour.
3. **DesElec:** Company is gradually expanding from a micro business to a small sized firm. Demand for electrical installations is increasing rapidly. The company is working as an electrical contractor and also in the installation of solar air conditioning units within the renewable energy sector, i.e led lighting and solar panels. As a result of this expansion they are now increasing their staff from five to eight. EU Funding helped with Furniture and Equipment of the expansion.
4. **EcoWave:** Eco Wave Power (Gibraltar) Limited is a renewable energy plant that will eventually produce 15% of Gibraltar's energy needs (according to Gibraltar's commitment to the EU by 2020). Eco Wave Power (Gibraltar) Limited is the first commercial scale renewable energy project in Gibraltar.

Eco Wave Power (Gibraltar) Limited have handpicked Gibraltar's location and believe wave energy is a high potential new renewable energy source. EU Funding helped with the Equipment and Installation.

What is the projected number of students expected to be at the Early Birds Nursery for each academic year identified by the Government in the future?

ANSWER

It is difficult to project the numbers of students expected to be at Early Birds Nursery for each academic year already identified by the Government in the future for the following reasons:

Our youngest nursery students, who attend the afternoon nursery, are aged between 2 and 3. It is sometimes difficult to identify some pupils before the age of two. The placements for the afternoon nursery are normally finalised between the New Year and Easter, at the same time as the pre-school placements.

It is slightly easier to project the Nursery placements as most of the children have already spent a year in our afternoon nursery.

Children who attend the afternoon nursery often stay on for their pre-school year in the morning. Those who do not stay at the morning placement go to one of our mainstream nurseries.

Currently, for the academic year 2018/9 we can largely predict the morning nursery between 6 and 7. This could go up to 8 or 9 as new children are identified.

What is the projected number of students expected to be at St. Martins School for each academic year already identified by the Government in the future?

ANSWER

It is difficult to project the numbers of students expected to be at St. Martin's for each academic year already identified by the Government in the future for the following reasons:

Pupils progress at different rates and not all students who start in the Early Birds Nursery necessarily attend St. Martin's. Whilst still in Nursery some start an Out Reach Programme into Notre Dame Nursery and by the time they reach Reception age they might be transferring to Notre Dame rather than into St. Martin's.

Some pupils could also move into Notre Dame, Bishop Fitzgerald, Bayside or Westside where the Learning Support Facilities at different points during their school career.

In addition, we occasionally have a pupil who arrives from outside of Gibraltar and who starts at St. Martin's. The Government cannot predict that.

That said the trend over the last 5 years has been on average 5 students who have transferred from the Early Birds Nursey into St. Martin's School. The average before that was between 3 and 4.

Can the Minister for Education provide an undated schedule with details containing a full breakdown of what every Government subsidised student studying both outside or within Gibraltar, inclusive of correspondence courses, is studying this current academic year broken down by:

- (a) course title;
- (b) university;
- (c) whether the course is an undergraduate or postgraduate course (i.e. qualification level to be achieved);
- (d) the start and end dates of the course in respect of the funding provided, and the cost of each individual course?

ANSWER

The information requested is set out in the schedule attached. This is a list in respect of 1105 students, who are currently being subsidised to continue their journey in education. This number may change over the academic year as student's hand in their continuation of studies, signalling their intent to continue their chosen course.

NO. W154 OF 2017

THE HON L F LLAMAS

Can the Government confirm that Student Grants have been increased in line with the rate of inflation in the UK since December 2011?

ANSWER

Grants have been increased in line with Gibraltar inflation rates.

WRITTEN

NO. W155 OF 2017

THE HON L F LLAMAS

Can the Government provide a schedule since December 2011 in relation to CCTV cameras including a) area monitored b) entity responsible for the monitoring c) installation cost d) monitoring cost e) supplier?

ANSWER

It is not possible to provide such a schedule given the Hon Member has only asked for a generality. More particularity is required in order to be able to answer properly.

NO. W156 OF 2017

THE HON E J REYES

Following on from the answer provided to Question No. 365 of 2017, is the Minister for Housing now in a position to say how many Government dwellings are currently vacant and/or derelict?

ANSWER

Further to Q365 of 2017 the in depth exercise in this regard is almost complete and I will notify the Hon Member at that stage.

WRITTEN

NO. W157 OF 2017

THE HON E J REYES

Following on from the answer provided to Question No. 368 of 2017, is the Minister for Housing now in a position to provide details of what new refurbishment works it intends to carry out at any Government Rental Housing Estate in the immediate future?

ANSWER

As previously advised, this Government continues to invest in the refurbishment of all Government Estates.

Announcements are made as and when such works are undertaken.

NO. W158 OF 2017

THE HON E J REYES

Can the Minister for Housing provide updated details of how many jobs in respect of repairs to rental homes are currently pending (i.e. still not certified as fully completed), indicating the dates when these reports were first made by tenants and the nature of the works required?

ANSWER

By way of update, there are a total of 711 pending repairs and were reported to us as follows:

2 in November 2016
3 in December 2016
35 in January 2017
33 in February 2017
34 in March 2017
45 in April 2017
92 in May 2017
81 in June 2017
68 in July 2017
114 in August 2017
125 in September 2017
79 in October 2017

These are for general refurbishment and repair works, including plastering walls and ceilings, painting, replacing floor tiles, doors, plumbing, electrical works, etc.

NO. W159 OF 2017**THE HON E J REYES**

Can the Minister for Housing provide details in respect of all repairs undertaken to lifts servicing Government rental homes since the answer to Question No. W60 of 2017?

Is the Government still committed to a central Government Office in the centre of town, if so, can it confirm the location?

ANSWER

Written Questions 166 to 179 relate to manifesto commitments of the GSLP Liberals for the 2011 General Election.

As a matter of principle, the Government will not subject itself to examination by the Honourable Member about pre-Election facts and periods because in a democracy elections renew the mandate of the Government and they draw a line under the arguments of the Opposition up to that date because the electorate have expressed their judgement on those political arguments.

NO. W180 OF 2017

THE HON D A FEETHAM

Is there any form of succession planning in place at the GFSC to ensure local people are trained and are afforded the possibility of one day occupying the top jobs within that organization?

ANSWER

Succession planning is important to the GFSC and its Board and is consistently kept under review. Strategic thinking, training and internal promotions are all a part of this process which has led to 2 of 4 Directors within the Senior Management Team (5 persons including the CEO) being Gibraltarians and 8 of the 10 strong wider Management Team also being Gibraltarians. There are consequently already locals occupying top jobs within the Organisation. It is however not a consideration at selection time as it is the view of HMGOG as well as of the GFSC that positions will be filled by the best person for the job at every level, senior or otherwise.

NO. W184 OF 2017

THE HON D A FEETHAM

How many legal proceedings (including statutory appeals) were issued against and served on the Gibraltar Financial Services Commission (“the GFSC”) in 2012, 2013, 2014, 2015, 2016 and 2017??

ANSWER

24 separate legal proceedings have been issued against the GFSC. For the purposes of this information one statutory appeal has been counted as one proceeding. If there are further appeals in the proceeding, e.g. from the Supreme Court to the Court of Appeal, it has been counted as one single legal proceeding. In proceedings with any individual firm, there may be more than one statutory appeal. The specific breakdown requested is as follows;

2012 – 1 statutory appeal

2013 – 2 statutory appeals

2014 – 1 judicial review

2015 – 2 statutory appeals

2016 – 2 - statutory appeals - 2 miscellaneous proceedings

2017 – 14 statutory appeals
