Can the Government provide a yearly list of Her Majesty's Government of Gibraltar guests who attended the music festivals as VVIP guests since September 2012?

ANSWER

HM Government has not kept a detailed record of who is invited year after year, or of who actually attends on the day. The HMGoG corporate box has catered for 100 guests every year since the festival's inception in 2012 including most members of the Opposition and their families as well as the Governor and Deputy Governor, the Attorney General, the Judges of the Supreme Court, the Commissioner of Police, the Collector of Customs, the Commander of British Forces, the Chief Secretary, the Financial Secretary etc. This year the honourable gentleman himself accepted tickets after a discussion with the Chief Minister, although he subsequently did not attend.

NO. W123 OF 2017

THE HON D A FEETHAM

Can the Government provide details of average waiting times at the Primary Care Centre on a monthly basis since February 2017?

ANSWER

Service Users have excellent access to GPs on a daily basis for appointments on the day, emergency care, the 48 hour advanced appointment system, the repeat prescription service and the telephone sick certificate line. The PCC provides in excess of 450 face-to-face appointments every day with over 70 emergency appointments and upwards of 20 house calls. Unwell patients are seen on the day. Routine patients are able to make an appointment 48 hours in advance, unless they insist on seeing one particular GP in which case there may be a delay if that GP is away or on-call.

Can the Government please provide details of the number of inpatients being treated at foreign Hospitals or medical establishments as at January 2011, 2012, 2013, 2014, 2015 and 2016 identifying each hospital and medical establishment?

ANSWER

We have been unable to extract data providing details of the number of inpatients being treated at foreign Hospitals or medical establishments as at January 2011, 2012, 2013, and 2014 identifying each hospital and medical establishment.

It is a disproportionately lengthy task to provide figures before 2015, as this data was stored in a programme that is no longer in use and this would entail going manually through thousands of records to get the information required.

I hope the Honourable Gentleman understands, that given the high demands on the Sponsored Patients Department's staff and the numerous duties, to collate the information requested would have taken them away from their principal role of ensuring safe travel and adequate care to our sponsored patients.

The Information for January 2015 and January 2016 is as follows:

Period	Number of Inpatients
January 2015	295
January 2016	347

Attached is a table identifying each hospital and medical establishment as at January 2015 and January 2016.

Can the Government please provide details of the cost to the taxpayer of treatment received by patients in foreign hospitals or medical establishments during the last five calendar years broken down by hospital and medical establishment?

ANSWER

The cost to the taxpayer of treatment received by patients in foreign hospitals and establishments during the last 5 calendar years is as follows:

2012	£3,625,328.28
2013	£6,968,400.01

2015	£10,970,234.37
2016	£15,443,793.65

It is the policy of the GHA not to reveal the amounts paid to each establishment for reasons of commercial confidentiality and to retain a competitive advantage when negotiating prices for medical services.

Furthermore, in instances where a minority of patients attend a particular centre, this could lead to patients being identified and patient data confidentiality being breached.
